Re: Federal Fiscal Year 2016 Proposal Guide

Dear Present or Future Grant Recipient,

Please review the Federal Fiscal Year 2016 Proposal Guide so you completely understand the funding criteria guidelines. The FFY 2016 Grant Proposal Guide is located on the GOHS website under Grant Opportunities.

The first deadline to be aware of is February 28, 2015. Proposals are due via the Governor's Office of Highway Safety (GOHS) eGrants online system located on the GOHS website at:
<http://www.azgohs.gov/grant-opportunities/>.

Under the MAP-21 Transportation Plan that Congress passed and the National Highway Traffic Safety Administration (NHTSA) has implemented, Arizona and all other States must provide their completed GOHS Highway Safety Plans by July 1, 2015.

As you can imagine we will receive many grant proposals; therefore, your promptness on this is always appreciated.

Thank you,

Alberto Gutier, Director and
Governor's Highway Safety Representative
