Children Are Priceless Passengers (CAPP Program)

The CAPP Program addresses issues of child occupant protection through enforcement, education and public awareness activities.

The CAPP Program offers child seat safety classes at several Maricopa County locations, and are instructed by NHTSA certified technicians. You are eligible to register for the class if you fit one of these criteria:

- You received an Arizona Traffic Ticket and Complaint from an Arizona Police Officer who cited you into a court within Arizona for the violation of:
 - [28-907.A](#) (Failure to equip vehicle with a car seat, and or failure to properly use a car seat for a child under 5 years of age.)
 - [28-907.B](#) (Failure to equip vehicle with a booster seat, and or failure to properly use a booster seat for a child between the ages of 5-7, who is under 4'9" tall.)
- You request to attend the class to learn the proper installation of your current car seat.

Classes are held at various Arizona locations, but at the Tempe location classes are held once a month. It is your responsibility to register for a class prior to your court date. If a class is not available prior to your court date, you must call the appropriate court to request an extension. If an extension is granted, you may register for an upcoming class. Failure to register in a timely manner may result in a denial of an extension, or a default judgement in which you would be responsible for the original fine, plus a possible late fee.

The Tempe Police Department will host classes on the following dates.

2015 CAPP English
